
Performance Improvement in Psychiatric and Substance Abuse Treatment Services

TABLE OF CONTENTS

Chapter 1	Accreditation Standards Affecting Performance Improvement in Behavioral Healthcare	1
	Joint Commission on Accreditation of Healthcare Organizations	1
	National Committee for Quality Assurance	3
	The Medical Quality Commission	4
Chapter 2	Performance Improvement Leadership and Program Structure	5
	Performance Improvement (PI) Plan requirements	6
	Sample Managed Behavioral Healthcare Organization PI Plan	7
	Sample Hospital PI Plan	13
Chapter 3	Quality Planning	21
	Accreditation requirements	21
	Selecting quality goals and setting priorities	23
	Communication: An important step in quality planning	28
Chapter 4	Performance Measurement	29
	Required performance measures	30
	Performance measures for important functions	33
	Mandated clinical record review	44
	Performance measures related to improvement priorities	49
	Non-clinical performance measures	51
	Performance measures in managed care organizations	54
	Collecting performance measurement data	65
	Develop new data sources	70
	Instruments for collecting outcome measurement data	84
	Instruments for measuring patient/customer satisfaction	95
	Reporting performance measurement data	105

Chapter 5	Performance Assessment	117
	Accreditation requirements	117
	Methods for assessing performance measurement data	120
	Comparative performance data sources	132
	Acting on improvement opportunities	133
Chapter 6	Performance Improvement	135
	Improvement of individual performance	136
	Select a performance improvement model	137
	Clearly define all improvement projects	139
	Evaluate and document the effectiveness of PI activities	148
Chapter 7	The Role of Guidelines and Pathways in Performance Improvement	153
	Guideline definitions	153
	Accreditation requirements	154
	Guideline presentation formats	156
	Clinical paths are not practice guidelines	158
	Who is developing guidelines?	160
	Guideline sources	164
	Questions to ask when reviewing nationally-developed guidelines	166
	Modifying nationally-developed guidelines	168
	Creating guidelines	170
	Clinical paths: Increasing popular tools	171
	Outcome-driven path	177
	Clinical paths as documentation tools	178
	Examples of path documentation tools	179
	Path documentation hurdles	193

List of Figures in each Chapter

Chapter 3

Opportunity for improvement form	24
Evaluation chart for setting improvement priorities	26
Organization-wide quality goals arranged by major function	27

Chapter 4

Organization-wide quality goals and related performance measures	50
Managed care chemical dependency scorecard	62
Performance measurement profile	68
Conscious sedation review form	71
Personnel files review form	72
Restraint/seclusion standards review form	73
Outpatient review form for Lithium use	75
Review form for evaluating objective setting for substance abuse clients	76
Fall risk assessment form	77
Nutrition risk assessment form	78
Transient ischemic attack clinical path	79
Restraint/seclusion monitoring form	80
Outpatient clinic environmental survey	81
Schizophrenia clinical path	85
Path variance report form	86
Interdisciplinary plan of care form	87
PsychSentinel checklist of symptoms	92
Mayo Mini Mental Status worksheet	94
Psychosocial rehabilitation program member survey	97
Outpatient service patient survey	101
Survey of patient satisfaction with education services	103
Health information management department customer satisfaction survey	104
Nutritional services performance measurement report	106
Organizationwide performance monitoring report (by function)	107
Line graphs of performance measurement data	108
Patient satisfaction report	109
Performance measurement report for pain management program	110

Chapter 5

Cycle of performance assessment	119
Run chart of patient waiting times	120
Report of record documentation performance measures	121
Comparative report of patient seclusion hours	122
Histogram of pharmacy delivery times	123
Control chart of nurse response to patient call lights	124
Control chart of readmissions within 30 days	125
How to react to control chart data (algorithm)	126
Length of stay data with z-scores	128
Report of compliance with APA mental status exam guidelines	129
Hospital comparative reports	131

Chapter 6

Cycle of performance improvement	135
Performance improvement models	137
PI team chartering form	140
Performance improvement project	141
One-page performance improvement project report	149
Line graph used to measure the success of a pilot project	150
Quality of life measurement data	151
Bar graphs used to measure success of care management program	152

Chapter 7

Algorithm for dementia diagnosis and workshop	156
Dosing table for tricyclic antidepressants	157
Alcohol/drug detox clinical path	158
Bipolar manic clinical pathway	172
Major depression clinical pathway	173
Geri depression clinical path	174
Major depression/adjustment disorder clinical path	176
Depression disorder/first admission for diagnosis clinical path	177
Geriatric depression critical pathway	179
Variance tracking record	187
ECT critical pathway	188
