<b>Chapter One: Introduction to Health Care Quality Management</b> .....	1
Health Care Quality .....	1
Quality defined .....	2
Quality management defined .....	3
Impact of External Groups .....	4
Federal agencies and groups .....	4
Accreditation organizations .....	5
Professional and consumer groups .....	7
Quality Management System .....	9
Governing board .....	9
Senior leaders .....	9
Second tier groups .....	10
Third tier groups .....	10
Quality management support services .....	11
Quality management plan .....	12
Summary .....	15
Student Activities .....	16
References .....	16
<b>Chapter Two: Measuring Health Care Performance</b> .....	17
Measures of Performance .....	18
Constructing measures .....	18
Measurement categories .....	19
Scope of Measurement Activities .....	20
Developing Measures .....	23
Select topic to be evaluated .....	23
Determine what you want to know .....	28
Translate “what you want to know” into performance measures .....	30
Establish performance goals .....	34
Design data collection strategy .....	37
Summary .....	44
Student Activities .....	45
Website Resources .....	45
References .....	45
<b>Chapter Three: Assessing Health Care Performance</b> .....	47
Performance Assessment .....	48
Organize and present data .....	49
Evaluating Measurement Results .....	56
Trend analysis .....	56
Statistical process control .....	57
Comparing performance .....	61
Summary .....	63
Student Activities .....	63
Website Resources .....	64
References .....	64

<b>Chapter Four: Improving Health Care Performance</b> .....	65
Performance Improvement.....	66
Improvement Models .....	67
Rapid cycle improvement .....	68
Six Sigma.....	69
Lean .....	70
Steps common to all models .....	71
Improvement project reports.....	73
Performance Improvement Tools.....	75
Quantitative improvement tools.....	75
Qualitative improvement tools.....	78
Selecting improvement tools .....	87
Performance Improvement Teams .....	90
Choose team members .....	91
Team dynamics .....	92
Summary .....	93
Student Activities.....	94
Website Resources .....	94
References.....	94
<b>Chapter Five: Managing Risk and Patient Safety</b> .....	95
Managing the Risk of Harm and Liability .....	96
Patient Safety Improvement.....	97
Measurement.....	97
Assessment .....	101
Improvement.....	103
Risk Management .....	109
Risk management activities .....	110
Additional risk management activities .....	114
Summary .....	115
Student Activities.....	115
Website Resources .....	115
References.....	116
<b>Chapter Six: Resource Management</b> .....	117
Managing Health Care Resources.....	118
Utilization Management.....	118
Utilization review .....	120
Improvement of resource use.....	125
Case Management.....	127
Case management process .....	128
Care management tools.....	130
Disease Management .....	135
Outcomes Management .....	137
Pay-for-Performance.....	139
Summary .....	140
Student Activities.....	141
Website Resources .....	141
References.....	141

<b>Chapter Seven: Ensuring Individual Competence</b> .....	143
Competent Individuals .....	144
Medical Staff Competency Evaluation .....	145
New medical staff applicants .....	146
Medical staff reappointment .....	150
Professional practice evaluation .....	151
Competency evaluation system support structure.....	158
Credentialing in Managed Care Organizations .....	159
New applicants.....	159
Reappointment.....	161
Professional practice evaluation .....	161
Staff Competency Evaluation .....	162
Pre-employment assessment .....	162
Orientation .....	163
Performance appraisal.....	163
Summary .....	164
Student Activities .....	165
Website Resources .....	165
References.....	166
