

Table Of Contents

Chapter 1: Continuity and Quality of Patient Care	1
The Patient Care Continuum.....	1
Episodic vs. Chronic Care Continuum	2
Fragmented Care	3
Manage the Hand-Offs.....	4
How this Book will Help You	5
Chapter 2: Defining the Patient Care Continuum	7
Meet Patient Needs	8
Critical Activities.....	9
Where Breakdowns Occur	9
Information Flow	11
Identify and Remove Barriers.....	12
Chapter 3: Plan for Effective Continuity of Care	13
Scope of Services	13
Continuity is a Strategic Goal	16
Chapter 4: Processes that Impact Continuity of Care	17
Entry to Setting or Service	17
Conduct an Assessment.....	18
Special assessments	19
Emergency department assessments	20
Consent and information Sharing.....	21
Documentation practices	23
Determine Appropriate Setting	23
Admission criteria	24
Collecting additional information	26
Develop the Plan of Care	27
Inform Patients.....	28
During Active Care	29
Provide Services	29
Documentation practices	31
Communication during key transitions.....	31
Conduct Reassessment.....	32
Interdisciplinary process.....	33
Follow-up systems.....	34
Provide Continuing Services	35

Before and During Discharge or Release from Services	36
Develop a Discharge Plan	38
Transfer Patient.....	40
Discharge Patient	42
Pulling it all Together.....	44
Information Integration.....	44
Chapter 5: Measuring Continuity of Care.....	45
Structure Measures	45
Process Measures.....	46
Outcome Measures	47
Satisfaction with care.....	48
Plan for Data Collection.....	51
Continuity Measures.....	54
Chapter 6: Identify and Reinforce Weak Links	55
Assess Linkages.....	55
Linkage Assessment Tool.....	56
Appendix	59
Figure A-1: Admission Assessment.....	61
Figure A-2: Factors to Consider when Making Specialty Consultation Referrals	64
Figure A-3 Patient Questionnaire Used to Identify Specialized Needs	66
Figure A-4: Interdisciplinary Care Planning Tool (clinical path).....	67
Figure A-5: Form to Document Initial Team Evaluation.....	69
Figure A-6: Patient Education Tool for Same-Day Surgery	70
Figure A-7: LSUMC Multidisciplinary Documentation Tool.....	71
Figure A-8: Patient Status – Caregiver Communication Tool.....	77
Figure A-9: Documentation Tool Used by Home Health Nurses.....	78
Figure A-10: Outpatient Cardiopulmonary Rehab Patient Progress Report	79
Figure A-11: FIM Scoring System Documentation Tool.....	80
Figure A-12: Emergency Department Patient Call Back Form.....	81
Figure A-13: Discharge Documentation Procedure	82
Figure A-14: Patient Movement Form.....	84
Figure A-15: Patient Transfer Form	85
Figure A-16: Clinical Summary for Patients	89
Figure A-17: Plan of Care for Pain Control:	90
Figure A-18: Continuing Care Path Used for Patient Education.....	91
Figure A-19: Clinic Patient Call Back Form.....	92
