

How to Measure and Improve Case Management Performance

TABLE OF CONTENTS

How to Use this Handbook	1
Chapter 1: Care Management Strategic Planning, Measurement and Implementation	
Components of the planning process	5
Step 1: The strategic plan	7
Common care management strategic goals	8
Select patient populations	9
Define objectives	10
Develop action plans	11
Step 2: The measurement plan	15
Measurement systems	15
Measurement plan for patients with CHF	17
Baselines	18
Data collection plan	18
Feedback system	18
Step 3: Operationalize the Strategic and Measurement Plans	19
Chapter 2: Care Management Macro-Level Performance Measures	
Types of measurement	21
Performance measures	22
Linking objectives and macro-level measures	23
Are you ready to measure care management performance?	25
Define patient-specific objectives	25
Selecting macro-level performance measures	28
Objectives, action plans and measures for CABG patients	30
Define measures of success	33
Measurement principles	34
Planning for data collection	36
Chapter 3: Case Management Department Micro-Level Performance Measures	
Types of measures	39
Process measures	39
Outcome measures	41
Financial outcome measures	42
Satisfaction measures	43

Selecting micro-level performance measures	44
Identify important tasks	44
Define measures	47
Establish acceptable levels of performance	50
Identify responsible people/groups	51

Chapter 4: Reporting and Evaluating Performance Data

Types of reports	55
Macro-level measurement reports	55
Micro-level measurement reports	59
Detailed measurement reports	60
Graphical data displays	66
Examples of micro-level case management reports	70
Detailed evaluations of case management performance	73
Assess and improve case management performance	75
Use measurement results	76
Identify needed corrective actions	77
Common contributing factors in poor performance	78
Care management performance improvement project	82

Chapter 5: Measuring and Managing the Performance of Individuals

Management's responsibilities	89
Defining job competencies	90
Job analysis	91
Essential job functions	93
Written job descriptions	95
Age-specific competence	96
Measuring individual performance	99
Performance evaluation techniques	101
Measuring age-specific performance	107
Moving to performance management	109
